

# How to use the wireless Presentation System

First, switch on the ProWise system. Press "Input" and touch "HDMI1" on the ProWise screen.

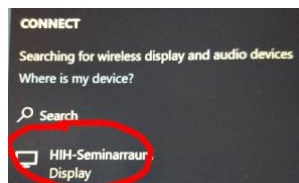

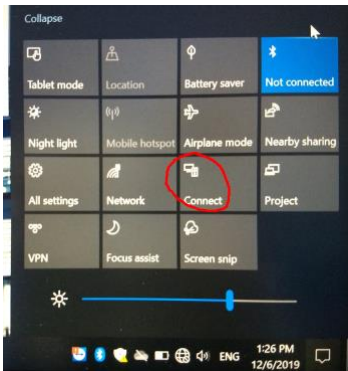

## I. Using ClickShare USB Button

1. Insert the ClickShare USB Button into a USB port of your notebook. The light of the button starts flashing
2. After a short time, the button light lights up.
3. Press the button to connect your PC to the ProWise display (the LED turns red when connected).
4. Press again to end connection

## II. Using Microsoft Windows integrated Miracast

1. Press Windows + A keys simultaneously.
2. Click on "Connect".
3. Select "HIH-Seminarraum"

## III. Using ChromeCast on Android devices

Use ChromeCast on your device for streaming or screen sharing to "HIH-Seminarraum"

## IV. Using AirPlay on Apple devices (iOS and macOS)

Use screen sharing or streaming via AirPlay from your device to "HIH-Seminarraum":
